Dear Valued Customer

Subject: Wrot copper fittings; Category 37

As you are surely aware, a petition has been filed to add Vietnam in the Canadian dumping ruling for imported wrot copper fittings. A decision by the Canadian Border Services Agency tribunal is expected on January 28<sup>th</sup>, 2018.

Since it is possible that this action will receive a favourable response, you should expect significant price increases with imported wrot copper fittings. If such is the case, we will have no choice other than increase our prices accordingly and immediately thereafter.

Since the impact would be significant, please consider this letter as your formal 60-day prior notice of an impending price increase which will be in effect as it is formalized.

We regret any inconvenience this may cause you and trust you will understand that these circumstances are beyond our control.

A handwritten signature in black ink, appearing to read 'Mike Lavoie', with a stylized flourish at the end.
